Re: Arnold Walter Nursing and Rehabilitation Center
Cases 22-CA-180557 and 22-CA-186982

Dear Mr. Sposito:

This letter acknowledges receipt of General Counsel's Motion to File Default Judgment Beyond the Time Prescribed by the Board's Rules and Regulations, filed with the Board on July 25, 2018.

In his motion, Counsel for the General Counsel explains that he inadvertently failed to select the "finish e-filing" option when electronically filing the General Counsel's renewed Motion for Default Judgment on July 11, 2018, the stated deadline. He did, however, serve the Respondent with the Motion for Default Judgment on that day, and the Respondent filed a timely opposition to the Motion for Default Judgment on July 17, 2018. After realizing his inadvertent error, Counsel for the General Counsel filed the renewed Motion for Default Judgment along with the Motion to File Default Judgment Beyond the Time Prescribed by the Board's Rules and Regulations.

The Respondent has filed a letter stating that it does not object to the General Counsel's motion to file the renewed Motion for Default Judgment out of time. Accordingly, General Counsel's Motion to File Default Judgment Beyond the Time Prescribed by the Board's Rules and Regulations is **granted**. The renewed Motion for Default Judgment will be forwarded to the Board for consideration.

Very truly yours,

/s/ Farah Z. Qureshi
Associate Executive Secretary
